

May 21, 2007 Friends of Multi Board Meeting

Claire Zevnik-Cline, Vice-President called the meeting to order.

Those present were: Earline Strom, Terry Miller, Susan Oliver, Claire Zevnik-Cline, Bonnie Hammond (visitor), Lynn Schwartz, Sue Baker, Helen Jordan, and Marjorie Hammer.

The minutes were read. Terry Miller made the motion to accept the minutes. Lynn Schwartz seconded the motion. All were in favor.

Sue Baker gave the Treasury Report. There is no change from last month. Lynn motioned to accept the report. Terry seconded. All were in favor.

The Membership Committee did not meet this last month, so there was nothing to report.

Gary Spencer was not present to report on the meeting with Parks and Recreation, but he did send a written report. Gary is encouraged. Communication is improving. Those in charge at P & R are aware of the problems. They are very interested in our obtaining 501C3. If anyone needs information concerning Multi Arts, we are encouraged to contact Jim Scott.

Concerning the 501C3, visitor, Bonnie Hammond volunteered to help Friends of Multi with the application. Her husband is a lawyer. Helen made the motion for Bonnie to work on the 501C3, and Claire seconded the motion. All were in favor.

Stacie was not present, but she had written a handout with information concerning public relations and fund raising. There were many ideas. Bonnie suggested calling the teachers "Artists in Residence". Also, there should be press releases in coordination with classes being offered. Any advertising should go through Valerie. We need to leave flyers at the Chamber of Commerce. We could also send home flyers with children in the fall. An in-house monthly schedule would also be good to have.

Earline feels it is time for another newsletter to keep members informed. Claire said she would put one together.

Claire is still working on the logo.

Saturday, June 23rd, 2007, was chosen for the date of our next social. Invitations should be sent out the week of the 10th. Stacie suggested a theme that included "lemons". An invitation to the Social could be included in the newsletter. Someone suggested that it would be good to have demonstrations. The committee will come up with ideas for the program. Earline volunteered to help.

The "Directory" has been started, but is not complete.

Terry would like to have a letter to go to Jim Scott, or a meeting with him, concerning the lack of communication between Multi and P & R. He will put together an outline covering points to be made for whomever will make contact with Jim.

Other new business will be tabled until the next meeting.

Earline made the motion for the meeting to be adjourned. Marjorie seconded. The meeting was adjourned.
